# Making Sense of AI Companionships

## CO-DESIGN WORKSHOP FOR STUDENTS

### What's This Workshop About?

Cyberlite and Microsoft are hosting **virtual co-design workshops** where students ages 13 to 18 are invited to share their perspectives on AI companionship.

Students will participate in interactive activities to share how they use AI chatbots, what excites or concerns them, and what resources would actually help teens navigate AI tools safely.

### Why Should Students Join?

- ✓ Receive a **certificate of participation** from **Microsoft and Cyberlite**
- ✓ Participate in a unique session to make **real world impact** where student voices will shape the outcome of learning resources
- ✓ Learn to use generative AI tools **safely and responsibly** by becoming more mindful of how we interact with chatbots

### Workshop Details

WORKSHOP DATE

**December 15, 2025**
